

Lift. Stow. Go.

Load a folding wheelchair or travel scooter into a vehicle's trunk or cargo area with the Bruno Lifter. Connect the docking device, press the button and the Lifter raises and lowers lightweight mobility devices. Manually guide the wheelchair or scooter into the back of the vehicle for storage during travel.

Easy. Lift and lower lightweight mobility devices with the press of a button, then store in cargo area with manual rotation.

Compact. Versatile to fit in variety of vehicle types.

Adaptable. Reinstall on another applicable vehicle in the future.
